Health & Safety Representative Level 2

Duration

3 Days

Format

Face to Face/LVC

Description

This Level 2 course is a more advanced course for HSRs who have already completed the Level 1 Course. Health and Safety Representatives (HSRs) are entitled to attend this course of training approved by the SafeWork SA Advisory Committee.

The course aims to develop, reinforce, extend and complement the range of skills and knowledge acquired in the Health and Safety Representative Level 1 Course. The course is aimed at empowering elected health and safety representatives to proactively represent their work group (including those with specific needs) effectively and constructively, and to have the knowledge to assist with the management of complex and multiple safety risks.

Format

The training is delivered face-to-face in a classroom-based learning environment or Live Virtual Classrooms. The duration of training is over a 3 day period, each day from 9am- 5pm. For each LVC, 2 x 90 minute sessions plus 1 x 60 minute session held on each training date scheduled. For in-house/group bookings the course can be delivered at a client's premises.

Course Content

- A systematic approach to managing work, health & safety
- Planning for work health & safety
- Advanced risk management processes and controls for multiple hazards and complex risks
- A systematic approach to managing WHS risks
- Due diligence requirements of managing complex WHS risks
- Consultation requirements of managing WHS risks
- Specific Risk Topics will be explored. Three are pre-chosen and on day three the participants will have a choice of topics.

Investment

\$640 (inc GST)

Inclusions:

- course learning materials
- assessments
- certification upon successful completion

Comments from previous learners about this course

The best things about this session:

The facilitator has very good knowledge and excellent presentation skills.

Ruth's knowledge is great. Easy to get answers to questions quickly.

Facilitator was great in her knowledge not only of the Act but of her lived experience of nursing.

It was a lot more in-depth than the first year and a lot easier to understand. I could understand it a lot better and my role as a Health & Safety Representative.
