Address Adult Language Literacy and Numeracy Skills

NATIONALLY RECOGNISED
TRAINING

Duration

1 Day

Format

Face to Face/LVC

Pre-Requisites

No

Funding

No

Description

More than 4 million employed people (40% of the total workforce) and 360,000 unemployed people (60% of the unemployed population) do not have sufficiently high literacy skills to meet the complex demands of everyday life and work.

Labour force Australia, May 2010

All learners have particular language literacy and numeracy skills which impact on their ability to successfully achieve workplace learning outcomes. Workplace trainers must be able to assess these skills and the language literacy and numeracy requirements of the training. In this unit the learner will:

- identify the core language literacy and numeracy requirements of the training
- source specialist learning support resources
- tailor training and assessment to suit individual skill levels

Format

For each LVC, 2 x 90 minute sessions plus 1 x 60 minute session held on each training date scheduled

Face to Face session times will be advised on booking

Assessment tasks are completed between sessions

We recommend learners set aside 10-15 hours per assessment

Payment

Investment

\$395

Nationally recognised training is GST free.

Inclusions:

- course learning materials
- assessments
- certification upon successful completion

Career Outcomes

Upon successful completion of this unit, you will be well prepared to meet the language, literacy and numeracy needs of your learners.

Although currently an elective in the TAE40110, in July 2014 TAELLN411 will become a core unit.

Testimonials

"Well presented, good content."

D. Vollerin
December 2013

"Increased my awareness of adult learning requirements and my role in assisting and supporting. The facilitator made a 'dry' topic very interesting, was friendly and professional and a great trainer."

Nicole
December 2013

"Clarity on a topic that I knew about but was unfamiliar with. Discussions were fantastic too!"

Cassandra Curtis
October 2013

"Learnt lots about an area previously unfamiliar with ACSF."

D. Parsons
